A PERFECT PALACE.

THE DELMONICO'S OF THE WEST!

LANG'S RESTAURANT!

In response to the long standing demand of the city, Louis Lang has transformed the palatial Alvord Mansion into a private Restaurant, where families, strangers, and the boarding world generally, may obtain the comforts of a generous, well provided home.

Fitted up in the most exquisite style, the establishment is really a credit to the city, and has already attracted the best class of citizens to its secluded recesses and sumptuous tables.

The special design is to make a perfect home, where down town people and strangers visiting town may enjoy the advantages of a first class hotel, without the expense entailed in paying for a whole day, when only a half day or a single meal is desired. Provided with a competent corps of cooks, the Restaurant is taking its place as the center and desirable lunch and eating house of the city. The charges are moderate and the material the best in the market.

PREFACE.

1358751

At no previous period of the City's history could there have been a more favorable record of a twelvemonths' progress than the one contained in the present volume. In every department will be found abundant indications of a growing and healthy improvement, when the FACTS and FIGURES contained herein are carefully canvassed, no better evidence need be required to substantiate the present prosperous condition of the City, or to predict for its future a prominent position among the LEADING COMMERCIAL CITIES of the West.

The present volume for 1874, contains 25,200 names against 21,490 in 1873, making an increase of 3,710, and at an estimate of three persons to one name makes the increase of population over 11,000 since our last issue, making the population of the City between 75,000 and 80,000. By referring to our business department, it will be readily seen that there has been a decided increase in all branches of business, and especially in the manufacturing department of the City, as our great railroad facilities, our near locality to the great coal fields of Indiana, and the abundant amount of good timber to be found in the State suitable for manufacturing purposes, offer to manufacturers more inducements than any other inland city in the West. The wholesale trade of the City ranks above any other city of its size in the West, and is daily on the increase.

Our New City Map accompanying the Directory will substantiate our assertions as to the growth of the City, and the superior inducements offered to merchants, manufacturers, and professional men to locate here.

The Directory contains a great amount of information concerning the Public, Religious, Charitable, and Private Institutions of the City, which makes it a valuable record as well as historical authority.

Our thanks are due to our numerous patrons for their liberal support, and we respectfully solicit a continuance of the same in our future issues.

Respectfully,

SWARTZ & TEDROWE,

Publishers.

This Company was organized for the purpose of importing and distributing Teas and Coffees for one small profit, and it was started with a capital amply sufficient (half a million dollars) to carry into effect, in a thorough and complete manner, our well-matured plans. Added to this large capital, we have many years experience in importing, buying, testing, and selling Teas to all sections of the country. And as we have business connections with all the principal ports in China and Japan, thus receiving our goods direct from the place of growth, our customers are saved from all intermediate profits.

All our Teas are selected with reference to our trade, and graded to established standards, so that all orders can be duplicated as often as desired, with the certainty that the same flavors and qualities will be sent, and at the lowest prices at which the goods can be imported and sold.

We conduct our business upon the true commercial principles of ONE PRICE—ONE SMALL PROFIT—and buy and sell for CASH ONLY.

We think our Thea-Nectar is the best Tea in the market for general use, and at the reduced price it certainly is the cheapest. Thea-Nectar is a pure Black Tea, with the Green Tea flavor. Wherever it has been introduced it gives the fullest satisfaction.

Our business title we have copyrighted as a Trade-Mark under the laws of the United States, and cannot allow any one to use it or infringe upon it.
